In both cases, restart with a Direct Free Kick or Penalty Kick. Sliding to keep the ball in play when no other player is around is not a tackle so no problem. If the keeper slides to make a save with his hands or body it is probably ok but if he slides to tackle then he is treated like any other player and cautioned or sent off.

Make sure you are assigned to the correct position on the correct game in the Arbiter. This will determine if and how much you will get paid. If changes are required contact Shannon Smart at vsra.scheduler@gmail.com. Also let Shannon know if one of the officials for a game is a no-show.

Our goal is to have pay cheques ready to distribute by the second Thursday after the end of the month. Keeping the Arbiter updated will help us achieve that goal.
